

DIRECTIONS FOR USE

- Add a small quantity of water to a suitable compression sprayer and then add product according to the table below. Add the remainder of the water, close the sprayer securely, shake to mix contents. Pressurise according to the sprayer manufacturer's instructions.
- One litre of ready-for-use spray treats 20 square metres of surface.
- Make up the spray as required. Do not store spray overnight.

Application Guidelines

Target Pest	Product	Water	Comments
CRAWLING INSECTS			
Routine Treatment	25 ml	5 Litres	Maintenance or 'spot' Treatment
Heavy Infestation	50 ml	5 Litres	Attack or 'clean-out' treatment
FLYING INSECTS			
Routine Treatment	25 ml	5 Litres	For the control of 'resting insects'

Apply as a low pressure spray. Some surfaces will absorb more spray, e.g. wall-paper, fabric or brickwork, but shiny surfaces can allow spray to 'run off'.

Bed-bugs :- Apply spray to insect harbourages and resting places on bed-frames, head-boards and to cracks and crevices around or near the sleeping area. Pay special attention to any loose wall coverings near the sleeping area and to cracks and crevices in bedroom fittings and furniture. Treat under loose-lay carpeting and around door-frames, picture frames and wall cupboards etc.

Cockroaches, Silverfish and Firebrats :- Apply to areas where insects are found, e.g. skirting boards, storage areas, around water pipes, door frames, window frames, around & behind refrigerators, cabinets, sinks, stoves and the underside of drawers and shelves and to cracks and crevices behind wall-mounted units or fixtures.

Ants :- Spray 'trails' around doors/ windows or where ants are seen.

Fleas :- Prior to treatment, thoroughly vacuum the area and seal the contents of the vacuum bag before disposal in the refuse. Apply spray to carpets and soft furnishings, including the underside of cushions and to areas regularly occupied by domestic animals.

Harmful if swallowed. Toxic to aquatic organisms. May cause long-term adverse effects in the aquatic environment. To avoid risks to man and the environment, comply with instructions for use. In case of contact with the eyes rinse immediately with water and seek medical advice. Do not empty into drains. Wear suitable protective clothing, gloves and eye/face protection. This material and its container should be disposed of as hazardous waste. Avoid release to the environment. Refer to special instructions/safety data sheets.

STATUTORY CONDITIONS RELATING TO USE FOR USE ONLY BY PROFESSIONAL OPERATORS.

The (COSHH) Control of Substances Hazardous to Health Regulations 2002 may apply to the use of this product at work.

Maximum Dose, **50 ml per 5 litres water per 100 square metres** sprayable surface. Engineering control of operator exposure must be used where reasonably practicable in addition to the following items of personal protective equipment. **WEAR SUITABLE PROTECTIVE CLOTHING (COVERALLS) AND SYNTHETIC RUBBER/PVC GLOVES** when using. **AVOID EXCESSIVE CONTAMINATION OF COVERALLS AND LAUNDRER REGULARLY. DO NOT BREATHE THE SPRAY MIST.** Otherwise wear respiratory protective equipment and eye protection (see HSE Guidance Booklet HS (G) 53: "Respiratory Protective Equipment - a practical guide for users"). However, engineering controls may replace personal protective equipment if a COSHH assessment shows that they provide an equal or higher standard of protection. **DO NOT CONTAMINATE FOODSTUFFS, EATING UTENSILS OR FOOD CONTACT SURFACES. COVER WATER STORAGE TANKS** before application. THIS MATERIAL AND ITS CONTAINER must be disposed of in a safe way. **FOR INDOOR USE ONLY. UNPROTECTED PERSONS AND ANIMALS SHOULD BE KEPT AWAY FROM THE TREATED AREAS UNTIL SURFACES ARE DRY. DO NOT APPLY DIRECTLY TO ANIMALS. EXTREMELY DANGEROUS TO FISH AND OTHER AQUATIC LIFE. REMOVE OR COVER FISH TANKS AND BOWLS** before application. **DO NOT APPLY TO CLOTHING OR BEDDING. SPRAY ONLY ONTO SURFACES. READ ALL PRECAUTIONS BEFORE USE.**

HSE No. 7453

This product is approved under The Control of Pesticides Regulations 1986 (as amended) for use as directed. To avoid risks to man and the environment, comply with the instructions for use.

PRECAUTIONS

WASH SPLASHES from skin or eyes immediately. WASH HANDS AND EXPOSED SKIN before meals and after use. KEEP IN ORIGINAL CONTAINER, tightly closed, in a safe place. **DO NOT HANDLE TREATED FABRICS UNTIL DRY AND AIR THOROUGHLY BEFORE USE.**

**Contents
0.5 Litre**

International

Cimetrol

Contains 4.65 % w/w alpha-cypermethrin, 4.65 % w/w tetramethrin and 1.86 % w/w of the IGR pyriproxyfen formulated as a suspo-emulsion concentrate.

Formulated for Bed-bug Control

For use as a surface spray for the control of Bed-bugs, cockroaches, Earwigs, Silverfish and other Bristletails, fleas, beetles (and their larvae), ants, spiders, mites, ticks, lice, flies, mosquitoes, moths (and their larvae) and wasps.

For use in domestic, commercial and industrial premises including kitchens, Hotels, dormitories and sleeping areas, Hospitals (excluding occupied wards), Military establishments & food storage and processing areas.

**FOR USE ONLY AS AN INSECTICIDE
ALWAYS READ THE LABEL - USE PESTICIDES SAFELY**
